

NW139-5 (RJ45 Combiner/ Splitter) and HW22-9 (Waterproof Cable Gland)

Hot on the heels of the NW139 and NW139-2, Regal offers you the option to supply data transmission to 2 devices using the **NW139-5** combiner/ splitter with optional weatherproof cable gland (**HW22-9**)

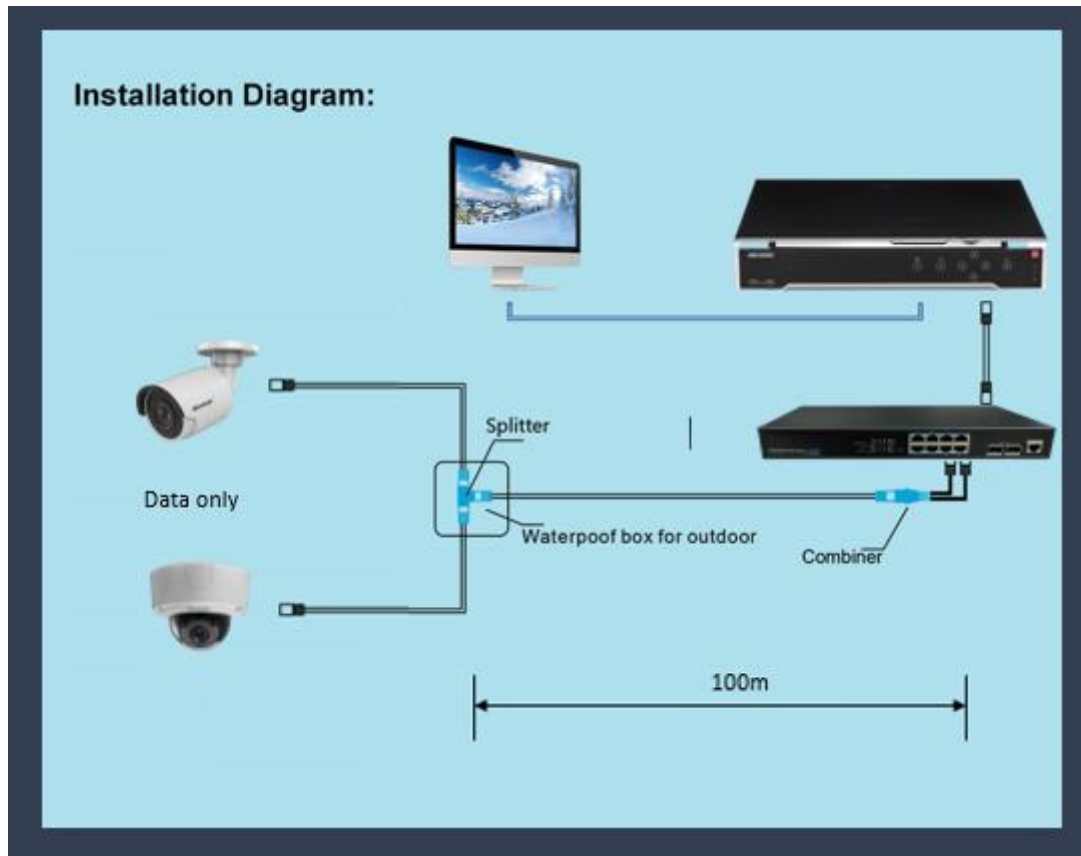

NW139-5

HW22-9

The **NW139-5** allows you to combine 2 network ports onto a single cable and then split these ports to provide data connectivity up to 100m away
