NW273-1 HDMI Splitter 1 in 4 out – 4Kx2K

The HDMI splitter (1x4) lets you share 4 HDMI displays or projectors with an HDMI-enabled audio/video input source. With support for Ultra HD (4K@60Hz) the HDMI splitter ensures astonishing picture quality - four times the resolution of HD 1080p@60 Hz. The 4K splitter is also backward compatible with previous HDMI revisions, supporting 1080p / 720p HDMI video resolution input devices.

Even if you don't require 4K video today, the V2.0 HDMI Splitter 1x4 ensures you'll be ready to take advantage of tomorrow's display technology.
