

We're Hiring: Technical Manager – Electronic Security Industry

 **Location:** Johannesburg (Linbro)

Are you a seasoned leader with deep technical knowledge in CCTV, Access Control, and networking? Reditron is looking for a **Technical Manager** to lead our support and RMA team, drive technical excellence, and collaborate with sales, product, and marketing teams to deliver cutting-edge solutions to our clients.

You'll manage support operations, provide high-level pre-sales assistance, and ensure ongoing product training and development across teams.

What You'll Bring:

- 5+ years in a senior technical support role (electronic security)
- Strong leadership and team development skills
- Expertise in security systems and networking
- A passion for customer success and continuous improvement

Why Join Reditron?

Be part of a forward-thinking team where your expertise directly impacts growth, innovation, and client satisfaction.
