Key Information

Course Requirements & Information		
Course	Prerequisites	Comments
Basic Electronics (BE) TR01: R700	No prerequisites	These courses do not appear in the training schedule as they are only available as e-learning (self-study) courses . This means that students will access these courses through the Regal LMS and complete them online, without attending face-to-face or webinar training.
Wireless Networking (WN) TR06: R800	Network Fundamental	
Risco Intrusion (RI) TR02: R800	Basic Electronics	
Ajax Intrusion (AI)	No prerequisites	All e-learning courses include instructional/lesson videos to enhance the learning experience. This course is no longer offered by Regal as Ajax is offering free, certified training for their products. CLICK HERE to access the Ajax Academy or go to https://meaa2-0.academyocean.com/auth/sign/in
Access Control Fundamentals (ACF) TR07: R800	Basic Electronics	These courses are available through the following options: E-learning (self-study): Access the learning material and exam on the Regal LMS. All e-learning courses include instructional/lesson videos to enhance the learning experience. Live Webinar Training: All e-learning students will be invited to attend the live webinar training at no additional cost. Webinar attendance is optional.
CCTV Fundamentals (CCTV) TR03: R800	Basic Electronics	
Network Fundamental (NF) TR20: R800	Basic Electronics	
IP CCTV (IPC) TR19: R800	Network Fundamental	
NEW CCTV Practical Training TR42: R950	No prerequisites	Develop real-world CCTV installation skills with this hands-on practical training day. This session focuses on wiring, configuring, and commissioning CCTV systems using industry-standard equipment. Certificate of Completion.
NEW Regal-Certified CCTV Installer TR45: R3000 (save R350) OR Pay-As-You-Go	Regal-Certified CCTV Installer is achieved by completing the required CCTV theory courses and a Practical CCTV Training Day (TR42). Learners will complete all theory courses via self-paced e-learning, while the practical must be completed face-to-face. • TR45: E-learning Theory + Face-to-Face Practical (Bundle): CCTV Fundamentals (TR03) + Network Fundamentals (TR20) + IP CCTV (TR19) + CCTV Practical Training (TR42).	
FREE Paxton Solo Training CLICK HERE to register	No prerequisites	Learn how to install, configure, and manage the Paxton Solo cloud-based access control system, including user management, credentials, mobile access, and site administration. Ideal for installers and technicians new to Paxton Solo. Presented by Paxton. Paxton Solo training is scheduled monthly, in various regions around SA CLICK HERE to register (https://www.paxton-access.com/za/solo-training/).

All Regal course exams will be written/completed online and not in a classroom
